

Amazing Animal Encounters

OUR SCHOOL was a hive of excitement this week, with a visit from Hounslow Urban Farm. Our Reception classes had the opportunity to handle a range of different animals including snakes, lizards and tortoises. The children were fascinated throughout the workshop and they are

looking forward to following up in class about the importance of looking after animals and being healthy. Year 6 also took part in a practical workshop to link with their new theme on animal adaptation. The children learnt about how exotic animals survive in the

wild, how they adapt and where in the world they originate. The workshop provided the children with hands on experience and gave them the remarkable opportunity to come face to face with some of the world's most amazing animals.

Prayer Group Update

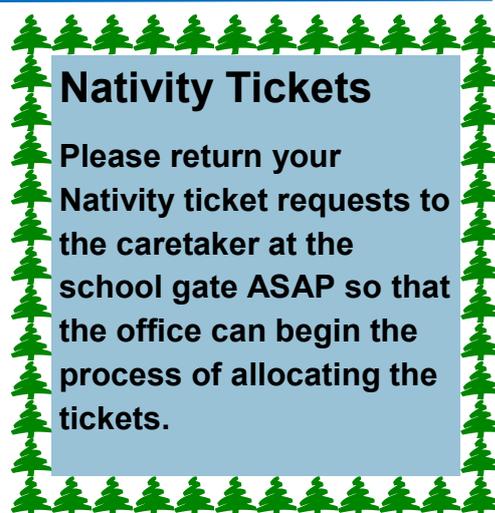

MEMBERS of our parents prayer group visited school this Tuesday as part of National Pray for Schools Day. Together with Mrs Dyer they spent time in school praying for all aspects of the school's life from learning to decision making and safety to good relationships. They visited a couple of classes where the children shared some of their own prayers and they talked to some members of staff about how they could further support them. Our next prayer meeting will be held at 8pm on Wed 25th November. A very warm welcome is extended to anyone who would like to attend.
