

The long arm of the law

As part of their crime and punishment theme, year 6 were given a talk this week by Mr Richardson, one of our parents who is a detective. They learnt all about his job and the role of a policeman. Mr Richardson brought along his unmarked police car so they were able to hear the siren and see the flashing blue light. As you can see they also got to try on a helmet and a bullet proof vest and even try out some handcuffs.

Milk makes us strong

DID you know that milk and water are the only drinks recommend by dentists for consumption between meals? Good teeth is just one of the benefits of your child drinking milk.

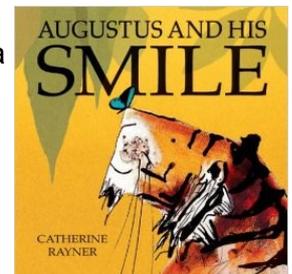

Here at ACE we are able to offer the chance for all children to have a carton of milk every day. If you would like your child to get a vital boost of energy between breakfast and lunch please log on to www.coolmilk.com where you can register and pay for your child. If your child is entitled to free school meals and you would like them to have milk please speak to the school office.

Reminders

- School finishes for half term at the normal time on Friday 10 February
- Dress as your favourite book character on World Book Day 2 March—don't forget special lunch this day too!

Exploring emotional resilience

NEXT week our infant children will be treated to a performance of Augustus and his smile by the Face up Theatre. It is a wonderful story about finding happiness in every day. After the performance the children will be able to ask the performers questions that will explore emotional resilience.

Special announcement

WE are delighted to announce that during half term Miss Tasker (Year 3) is getting married. We know you will join us in congratulating her and wishing her and her new husband a long and happy life together. After half term she will be known as Mrs Hendry.

Sainsbury's Active Kids voucher scheme has started. Start collecting yours now!
