

Discovering the Tower of London

EXPLORING THE formidable royal fortress and the spectacular display of priceless treasures were the order of the day when Y6 visited the Tower of London last week.

In keeping with the theme of Crime and Punishment the children visited the various buildings inside the tower and took part in a workshop learning about imprisonment over the last 1,000 years that the Tower of London has stood sentry over the City of London.

In summary, the trip provided the children with a unique doorway into British history and was an overwhelming success.

DON'T FORGET

THIS TERM'S After School clubs commence this week. Your children will have brought home their allocated places by now. Please make sure you send in the £5 fee per club if you have not already done so.

THIS Friday 16 January is the first 2015 meeting for the Parents' Prayer Group. We also have a gold box in the school office for prayer requests.

THANK YOU for your support during last week's Ofsted inspection, the report will be published in the next few weeks.

Year 2 flying high

ALL DOORS to manual! Year two took a trip to Heathrow Airport and experienced the busy roles of some of British Airways frontline staff last week. During the workshop they had the opportunity to dress up as pilots, cabin crew and check-in staff and to produce their own passports.

Experiencing a mock flight to Turkey was a highlight said Macey from Zebra class - especially when the children simulated the take off and landing with enthusiastic stamping of their feet.

In line with the Y2 Spring term theme 'A ticket to ride' the trip provided the children with hands-on understanding of some of the key positions at one of the world's largest airlines.
