

## Time to Work some Magic

BEING A parent can be the most rewarding job in the world, but at times it can also be the hardest. Sometimes we just need some support.

Next half term we will be running the award-winning behavioural programme 123 MAGIC, an evidence-based, easy-to-learn parenting programme which provides practical advice and techniques to effectively manage your child's behaviour. Our Home School Link Worker Maria Harries will be running the programme on a Monday afternoon over two successive weeks. Please contact the school office if you would like to attend.

### Online Safety

SAFETY FIRST! On Tuesday 9 February at 6.30pm we will be hosting an online safety information evening for all parents and carers. The session will provide practical advice to help you manage online safety issues at home. Unfortunately, the content is not suitable for children to attend. Please come along and find out how to keep your child safe online.

### Get Creative

ARE YOU involved in arts and crafts? Do your children enjoy making crafts? Why not become a member of the Spelthorne Resource Centre which is available to all. Please follow the link to access their promo poster for further details: [Spring 16 Activity info for Parents & Guardians](#)

### Get Collecting

IT'S THAT time again! The collection phase of Sainsbury's Active Kids 2016. From January 27th to May 3rd 2016, parents and the community can collect vouchers at Sainsbury's stores in the UK, and drop them into our school. Once all vouchers have been collected, we can use them to buy brand new sports and cooking equipment! Last year the vouchers were spent on a fantastic selection of playground equipment and games!

Sainsbury's  
**Active Kids**  
Eat well • Move well • Live well

### Love to Read

AS PARENTS you have an important part to play in helping your child to learn to read. A phonics and reading workshop will be held for Reception and Y1 parents on Friday 5 February at 9.30am. This workshop will provide parents with a greater understanding of phonics, how it is taught within our school and how best to support your child. Please note the workshop is the same one presented to Reception parents last year, however if you are a parent of a Y1 child and were unable to attend the last workshop then please do join us this year.
