

## Celebrating Harvest

AT this time of year when the farmers have harvested their crops we come together and celebrate the food grown on the land and give thanks to God. The Junior children celebrated Harvest at

St. Matthews Church with some great poetry and some fantastic singing. Thank you to all the parents that walked with us and joined us in church. The infant children had their own special Harvest Festival in

school learning about where our food comes from. There was also some pretty great singing by the infants.

On Thursday we had further celebrations in the dinner hall. A hearty roast lunch was served with a special biscuit. The hall was looking great with autumnal decorations and the children enjoyed a Harvest singalong as they dined. Thank you for all your Harvest donations. Any last contributions can be added on Monday.

## The wheels on the bus

THE wings on the plane and the horse on the cart were just some of the things that Year 2 children saw when they visited Brooklands Museum this week..

As part of their theme 'Ticket to ride' they discovered many different modes of transport through the years and enjoyed exploring Concorde.

## I've lost my jumper/cardigan!

OUR lost property box has filled up quicker than ever this year and we are only 5 weeks into the school year. Can we please ask parents to clearly mark **ALL** items of school uniform with their child's name. If it is named we are able to return back to the rightful owner. Thank you for your co-operation.

## Time to smile

THE school photographer will be in school on Wednesday 9 and Thursday 10 October. Reception and Year 1 will be taken on Thursday and all other year groups on Wednesday. PLEASE REMEMBER YOUR JUMPER OR CARDIGAN

## A night at the movies

DON'T forget to get your tickets for the PTA movie night on October 11. Check your email for details of films. Tickets can be purchased via Tucasi and are £4 each. Included in the cost of the ticket are sweets, crisps and a drink.

## Weekly Reflection

Then God said, "I will give you every seed bearing plant on the face of the whole earth and every tree that has fruit seeds in it. They will be yours for food".

Genesis 1:29
