Mathletics Online Home Learning

Dear Parents / Carers,

As part of our home learning activities we will be setting Reception online maths tasks using the Mathletics website.

Each child has their own log on for the site which you will find stuck into the inside front cover of their reading record.

Please see below for a step by step guide to logging on:

1. Go to the website <http://uk.mathletics.com/> or click on the link from the 'Children' section of the school website.
2. Click on 'Sign into Mathletics'.
3. Enter your child's user name and password
4. The activities set for your child will be displayed; you can then click on each one in turn to complete it.
5. Once the set activities are completed you can then explore other activities with your child if you wish to.

The activities on the mathletics site are a fun and interactive way to reinforce the maths learning from class. Please take time each week to go through these with your child.

If you have any difficulties in accessing the website or have any further questions please let us know.

Yours sincerely,

The Reception team.
