Using atlases and internet research create your very own Landmark map of Italy, including all of the key places and historical landmarks to visit.

In your map include:

- Key locations identified, such as Rome, Florence, Milan, Venice, Verona, Naples, Sicily and Pisa
- Drawings of the landmarks on the places they are located
- labels explaining a few facts about each place.
- Labels of the surrounding oceans and seas
- Colour and decoration on your maps.

There is a map to print on the other side; however, you can make your own version if you wish.

**C: Where in Italy would you like to visit and why?
Explain your answers fully.**
