

Year 5 Home Learning Challenges

Week commencing 23rd March 2020

English

Instruction writing

Please write your own set of instructions for one or more of the following:

- How to make a roast dinner.
- How to tie your shoe laces.
- Directions on how to get from your house to school.
- How to make your favourite cake

© Create a game that you could play with your family. You must produce the instructions for this and get your family to follow them to see if they understand them and test them to see if the game works.

Make sure you think about the features that go into this piece of writing e.g. give a title, include bossy verbs (imperative verbs), time connectives, number/bullet points, clear layout etc.

In reading, write a book review of the current book you are reading.

What is the book called? Who is the author? Who is the Illustrator? What is the book about? Write a short summary about the book but don't give the ending away. How would you rate the book? Would you recommend this to others? Why? What age group is the book recommended for?

Maths

In maths, we have been looking at **Fractions of Amounts**.

Practise finding fractions of amounts (we suggest at least 10) e.g. $\frac{5}{8}$ of £64. Where we work out **how 8s in 64 to find $\frac{1}{8}$** . Then multiply this by 5 to find the $\frac{5}{8}$ we need:

$$\text{£}64 \div 8 = \text{£}8$$

$$\text{£}8 \times 5 = \text{£}40$$

$$\frac{5}{8} \text{ of } \text{£}64 = \text{£}40$$

Please log on to your TT Rockstars and practise OR try and complete some 12 x 12 speed tables as fast as possible.

Theme

We are learning about life cycles. Find out about the life cycle of a frog and draw an example of this in your home learning book.

Find out about the physical and mental changes which occur during each of the major stages of a human's life cycle:

- Baby to child
- Child to adolescent
- Adolescent to young adult
- Young adult to adult
- Adult to elderly

Example: babies develop more hair, learn to sit up, neck muscles, grow teeth, eat solid food etc.

PE

You may be stuck in the house but that does not mean you can't get some exercise.

You can challenge yourself to do as many push ups or sit ups as you can in one minute, then repeat that twice a day and see if you can improve your score.

Alternatively, try Joe Wicks – The Body Coach (any child workout video). These are 5-8 minutes fitness exercises, which are modelled in the video with a timer.

RE

We have been learning about Holy Communion. You can find out more here.

<https://www.bbc.co.uk/bitesize/clips/zwcd2hv>

Good luck with these activities. We look forward to giving you more next week.

Don't forget to read books (aim for 30 mins a day) and discuss them with your parents.

Mrs. Morgan and Mr. Parker
