The Speed of light!

There are many cool heroes like Batman

and Thor,

Deadpool and Antman, the Fantastic Four,

But one of the coolest is the one

they call Flash.

He's faster than lightning, he really can

dash.

There is speedy Gonzales and roadrunner

too,

But when it comes to a race they're

all back of the queue.

Just like Usain they are all in the

Shade.

For the one force out there

that is always 'A' grade,

... Is the speed of light, and nothing is faster.

All the others are slaves and he

is the Master.

Einstein carried out studies and found,

Its 900,000 times faster than sound.

It can go around the Earth 7

times in a second,

Thats faster than old Father christmas

I reckon
