Waste- ways you can help!

Saving any scrap paper!

Throw your rubbish in the bin so our litter pickers do not need to pick it up!

Recycling as much as we can!

Try to use 1 paper towel to dry your hands.

Paper Towels

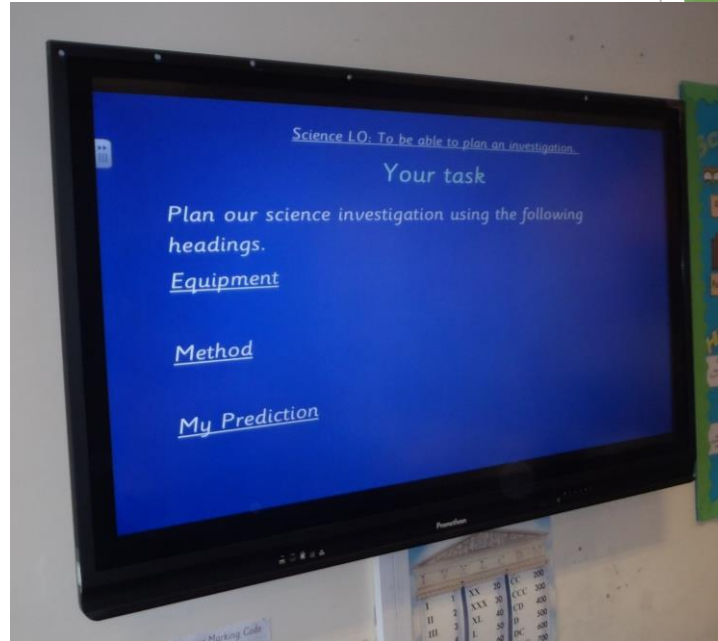

- ▶ Sadly paper towels **can not be recycled** and we use lots at ACE.
- ▶ In fact, we use **429,000** paper towels a year! This is a lot!
- ▶ If we laid them out all over the field there would be **486** layers of paper towels!
- ▶ We need to try really hard to only use **1** or **2** paper towels when drying our hands and not waste them!

Energy- Ways you can help!

Switching lights off when we leave the classroom.

Switching our IWBs off during the day.

Switching off learn pad tectus at the end of every day and at weekends.
