

# Year 3

## English

We are reading 'Cloud Tea Monkeys' by Mal Peet and Elspeth Graham. The children will be writing descriptions, letters and discussions. Their main outcome will be to write a non-fiction report.

Then we will be focusing on 'Small in the city' by Sydney Smith. The children will be setting descriptions, poems, diary entries, dialogue and letters of advice.

## Maths

This half term in maths we will focus on:

Money – We will be converting pounds to pence, adding/subtracting money, and finding change.

Time- telling time to the minutes, reading roman numerals to 12, reading digital times, using AM and PM, using durations and start and end times, and solve problems using minutes and seconds.

**This half-term we are reading:**

## SPRING 2

## DT

The children will be learning about seasonal foods and use this learning to create a seasonal food tart.

## Music

The children will be studying pulse, rhythm and pitch within the song 'Let your spirit fly'.

## Science

In Science this term our learning question will be:

**Why is it important to have a balanced diet?**

## Geography

This half term we are learning about Climate Zones. Our big question will be:

**Where does our food come from?**

## RE

Our big question in RE this half term is

**'Who is the most important person in the Easter story?'**

## Computing

The children will develop their programming skills for events and actions in programs.

## PE

We will be developing our skills in ball skills and swimming.
