

# Year 5

## Maths

In Maths we are studying units on decimals, negative numbers, converting units and volume.

This will include learning about:

- Adding and subtracting decimals
- Comparing and ordering negative numbers
- Converting between different units of length, weight and time.
- Estimating volume and capacity.

This half term  
we are reading

## Summer 2

## English

We will be finishing our text *Kaspar Prince of Cats* by Michel Morpurgo and the children will be writing a newspaper article about the sinking of the Titanic.

After that, we will be reading *The Lost Happy Endings* by Carol Ann Duffy. The children will be writing a letter, exploring poetry, revising the use of direct speech, a diary entry and a story ending. Their final outcome will be writing a prequel to the story from an alternative perspective.

## RE

Our big question in RE this half term is:

How do Muslims live and embrace their faith in a diverse world?.

## Science

In Science our big question is:

What do we know about life cycles?

The children will be learning about the difference in the life cycles of mammals, birds, amphibians and fish.

## Geography

Our big question this term is:

How can we make our world more sustainable?

The children will be learning about how our world is changing due to climate change and the steps all of us can take to help take care of our planet.

## DT

In DT, we will be learning about cooking and nutrition by adapting and cooking a classic Bolognese recipe

## Music

The children will be learning Motown songs from the 1960s, in particular, *Dancing in the Street* by Martha and the Vandellas.

## Computing

In computing the children will be using Google Drawings to create vector drawings.

## PE

In PE the children will be developing their skills in rounders and OAA (Outdoor Adventurous Activities)
