

# Year 4

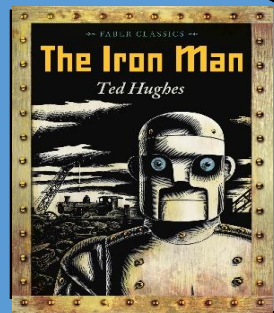

## English

## Maths

In addition to our times tables practise in preparation for the MTC in June we will be covering:

- Length and perimeter
- Statistics
- Time

**This half-term  
we are reading:**

We are reading Ted Hughes' book 'The Iron Man'.

- The children will develop their writing skills and develop their descriptive writing through letters and diaries. Their final piece of work will be a newspaper article.
- Our guided reading book is 'Tamarind and The Star of Ishtar'. We will make comparisons between life in India and the U.K. and develop our vocabulary.

## RE

We will be considering the relevance of the Christian message of peace at Christmas.

## Science

We will be investigating how some materials change state. We will also be looking at the water cycle in detail.

## Geography

We will be investigating weather and climate..  
We will undertake fieldwork to measure different aspects of the weather. Finally we will consider how the weather impacts our daily lives.

## DT

We will be designing and constructing pavilions.

## Music

We will be learning to play melodies in small ensembles using the glockenspiels.

## Computing

We will learn how to use data loggers to record information.

## PE

We will be developing our skills in basketball. We will also be working on our teamwork skills.
