

Maths Challenge

Thursday - Compare number sentences

Problem 1

Alex

Any number less than 11 would make this correct.

$$7 + 11 < 7 + \underline{\quad}$$

Do you agree with Alex?

Explain why.

Problem 2

Whitney has 16 sweets and eats 7 of them.

Mo has 17 sweets and eats 8 of them.

Who has more sweets left?

Explain how you know.
