Introduction	Ask the children what the word homophone means. Can they think of any examples? Define them as words which have the same pronunciation but different meanings and/or spellings. Discuss near homophones have slightly different pronunciations.
Main Teaching Activity	Using the PowerPoint, display each example on the whiteboard. Ask the children to write down the word that they think goes in each gap.  After each example ask the children to share their responses and discuss any errors or misconceptions.  Teacher can choose to reveal the two spellings before or after the pupil attempts.
Independent Activity	In small groups. One child writes a sentence with one of this week's spellings missing. E.g. The boy gave his gran a _____ big hug.  The other children on their table then write down the correct spelling on whiteboards. The child who created the question shares which they thought was the right question and check each others' answers. The next child then writes a sentence and so on.
