

## **ACE Kangaroo and Koala Home Learning**

### **Monday 18<sup>th</sup> January- Friday 22<sup>nd</sup> January 2021**

Welcome back to Week 3 of learning. We understand that home learning for Reception requires a lot of your time so if time is an issue, please focus on reading and phonics, writing and maths. Try to make things as fun as possible and give your child time to play too. Practise name writing daily with the correct letter formation. Extend this to simple sentences using our tricky words. Practise your forming your letters- choose the ones that you find challenging. Try and complete the daily White Rose Maths learning that you can access on line. Practise counting as much as you can and explore different ways of combing sets of objects to make numbers. Our theme for this half of term is **Space** so any stories, you tube clips, songs, crafts you do at home to support this theme will be of value. Please use these useful websites to help support your child's learning. Please make sure you look at the extra learning challenges too.

WE now have a PE scheme available for access from home. For your child's log in details please email [pe@ashford-primary.surrey.sch.uk](mailto:pe@ashford-primary.surrey.sch.uk)

Can you write yourself a goal to achieve? Write down something you can't do, for example, "I can't swim." Now add the magic 'yet' on the end. Talk to your grown up about how you could achieve this goal.

## More challenges to try!

- Why not make your own space play dough.

- Design your own planet. What will your planet be called?

What shape is your planet? What is your planet made of- fire, rock or something different?

Does anything live or grow on your planet?

- Set your toys up for a space adventure. You could use the rocket or spaceship you made last week. Which planet are they zooming off to? What will happen when you get there?

- Moon watch! Keep an eye out for the moon. When does it appear? What shape is it?

Try keeping a moon diary. Have a go at moon spotting if the sky is clear.
