Phonics-

Practise your sounds. You could use your word cards to say the sounds and make words. You could practise writing some of the letters you find tricky. Here are some phonic games to play:

Theme Learning- Space

What do you know already about space?

What would you like to find out?

You could make a picture to show what you already know. Ask a grown up to help you to write what you already know.

What would you like to learn about space? Can you write your question on a rocket shaped piece of paper- you could draw this yourself or ask a grown up.

Please bring your space learning back to school with you.
