What do you know
about Christian Aid?

LQ: How can we relate Jesus' teachings to our own questions of values and attitudes?

What we do

We work with local partners and communities to fight injustice, respond to humanitarian emergencies, campaign for change, and help people claim the services and rights they are entitled to.

We aim to end poverty and injustice worldwide by focusing on seven key areas – see below. This involves working in partnership with local organisations, as well as with governments and the private sector.

Our work includes helping people to:

- claim their rights and access services such as healthcare and education
- ensure they are not discriminated against for any reason
- become more resilient to shocks and disasters such as drought, climate change and hurricanes
- make the most of opportunities, such as being able to sell their produce for a fair price.

We believe we can achieve even more when we team up with others, and so work alongside partners, donors and organisations to fight poverty and injustice.

- As the official relief we work as part of a worldwide church community.
- We carry out our relief work through more than 500 local organisations, which are close to the people and communities we seek to help and so best understand their needs.
- We are a founding member of [ACT Alliance](#), a coalition of 146 churches and faith-based organisations working together in more than 100 countries.
- We regularly run projects on behalf of governmental and other major donors.
- We take part in several coalitions to tackle the underlying causes of poverty and challenge the systems that keep people poor

Let us love

'Let us love, not in word or speech
but in truth and action'

(1 John 3:18)

Let us love

'Let us love, not in word or speech
but in truth and action'

(1 John 3:18)

Our faith tells us that human beings are created in the image of God, and that we should all use our power, skills and resources for the good of all.

Often the world is damaged and often broken by suffering, injustice and sinfulness – a world in which there is poverty and war, hunger and pain.

The relationships between people and countries are unfair.

When relationships are broken, we believe that these relationships should and can be changed. We believe the world can be restored and transformed, and that there is hope for a renewed world to come.

The issues that Christian Aid work on are complex. But there is hope and confidence that God is with us, revealing to us good ways of living human life together. We all have the gift of hope and also the responsibility to keep working and praying for God's will to 'be done on earth as in heaven'.
