Year 3 Remote Learning Timetable Week 1

		description of what will happen when your potion is taken. © Can you write your description in paragraphs with each box on your planning sheet being a paragraph?				
--	--	---	--	--	--	--

We hope you had a lovely half term and you have had some time to rest and relax ready for some exciting learning this half term. We are starting our new theme which is called 'Chewing, Chomping, Munching and Crunching'. Some of the things we will be finding out about the climate and weather in different parts of the World, which part of the World different food comes from and vegetation belts. We will be also starting a new Science topic all about animals and humans. We will be finding out about different diets, different types of skeleton and how to keep our bodies healthy.

There are log in details saved with the Year 3 learning so that you can access some online reading books on Oxford Owl and some French lessons too. You can do these at any time.

Remember to email us and let us know how you have been getting on with your work.
