Adding an observation to Tapestry online learning journal.

Dear Parents and Carers,

I hope that you have enjoyed looking at your child's learning using the Tapestry online journal. Thank you to those of you who have added comments or your own observations and photos from home, it really helps to build a picture of your child's learning both at home and at school.

As half term is approaching I thought it would be a good opportunity to share with you a useful video which will help you if you would like to add your own comments or observations from home but are unsure of how to do this.

Please follow this link <https://www.youtube.com/watch?v=espJ96TJHV8> to access a short Tapestry video to support parents and carers with adding observations.

Myself and the Reception team enjoy seeing all of the wonderful things you have been doing at home however if you have any questions about your child's learning please do ask the class teacher rather than put it onto Tapestry as we want to be able to answer these as quickly as possible and we may not see them straight away when they are part of the journal.

If you need any help with accessing Tapestry or adding observations please speak to your child's class teacher or contact me via the office on info@ashford-primary.surrey.sch.uk

Your sincerely,

Lesley Bailey
Deputy Headteacher.
