

21 June 2026

Dear Parents and Carers,

As you will have seen from the weather forecast, we are expecting high temperatures throughout this coming week. So that the children remain safe in the heat and as comfortable as possible, please see guidance below:

In school we will be making some changes so that children are outside for only short periods of time in the shaded part of the playground at the cooler times of the day. We will encourage children to drink water regularly throughout the day to keep them hydrated and comfortable. These plans will be reviewed and adapted as needed during the week.

Please could you ensure that your child is prepared for the warmer weather in the following ways:
All children should bring in a named water bottle.

These will then be refilled as needed during the day.

Please apply sun cream before school.

All children should bring a sun hat to school.

For those children who were attending the Big Orchestra Day on Tuesday at Laleham, I also need to let you know that due to the hot weather, this has been postponed until the Autumn term. Further information to follow.

Thank you for your continued support.

L. Bailey
